**Re: MB Docket No. 03-15
Journal Broadcast Corporation
KIVI-DT, Nampa, Idaho (Facility ID No. 59255)
Request for Dismissal of "Request for Waiver of Interference
Protection Deadline and Extension of Time to Construct
'Para. 78 Facilities'"**

Dear Ms. Dortch:

Journal Broadcast Corporation ("JBC"), permittee of KIVI-DT, channel 24, Nampa, Idaho (the "Station"), by its attorneys, hereby requests dismissal of its pending "Request for Waiver of Interference Protection Deadline and Extension of Time to Construct 'Para. 78 Facilities'," filed on July 7, 2006 (the "Waiver Request"). JBC sought a limited waiver of the July 1, 2006 interference protection deadline and an extension of time to construct "para. 78 facilities" for the Station pursuant to *Second Periodic Review of the Commission's Rules and Policies Affecting the Conversion To Digital Television*, 19 FCC Rcd 18279 (2004), pending grant of its application for minor modification of the Station's digital construction permit to specify para. 78 facilities and, thereafter, construction and activation of the facilities specified therein. *See* FCC File No. BMPCDT-20060602ABR.

JBC's application for modification of construction permit was granted on July 19, 2006. Construction of the digital facilities authorized in the modified construction permit has been completed and an application for a license to cover the facilities was granted on August 18, 2006. *See* FCC File No. BLCDDT-20060724ADJ. Accordingly, by this letter, JBC notifies the Commission that further relief in this matter is unnecessary and the Waiver Request can be dismissed.
